Summary

Passionate frontend developer with solid knowledge of HTML, CSS, JavaScript, and React. Built multiple personal projects applying responsive design and interactive UIs. Looking for a practical internship to apply and grow my skills in a professional setting.

Education Bachelor's Degree (In Progress) – Information Technology
Egyptian E-Learning University (EELU)

🔧 Technical Skills

- HTML5 / CSS3 / JavaScript
 - React.js / Bootstrap
 - Git / GitHub
 - Responsive Design
 - Problem Solving
 - oop
-

Store Online (React.js)

 [Live Demo](#) |  [GitHub](#)

- Built an e-commerce React app using state, props, and component-based architecture.
 - Implemented shopping cart functionality and dynamic product display.
 - Utilized Context API to manage authentication state and user login handling across components.
 - Applied responsive design principles for cross-device compatibility.
-

React.js | Tailwind CSS | Framer Motion | React Router

 [Live Demo](#) | [GitHub](#)

- Designed and developed a fully responsive personal portfolio website showcasing my skills, projects, and contact information.
 - Implemented animated transitions using Framer Motion and dynamic typing effects with react-type-animation.
 - Integrated React Router for multi-page navigation (Home, About, Projects, Contact).
 - Built with clean, maintainable code and modern UI design practices.
-

To-Do List (Bootstrap)

 [Live Demo](#) |  [GitHub](#)

- Created a dynamic, responsive to-do list app using Bootstrap 5.
 - Implemented task addition/removal with smooth UI interactions.
 - Ensured consistent layout across screen sizes using Bootstrap grid and utility classes.
-

****Languages****

- Arabic (Native)
- English (Good)
