Summary

Passionate frontend developer with solid knowledge of HTML, CSS, JavaScript, and React. Built multiple personal projects applying responsive design and interactive UIs. Looking for a practical internship to apply and grow my skills in a professional setting.

Education Bachelor's Degree (In Progress) – Information Technology
Egyptian E-Learning University (EELU)

🔧 Technical Skills

- HTML5 / CSS3 / JavaScript
 - React.js / Bootstrap
 - Git / GitHub
 - Responsive Design
 - Problem Solving
 - oop
-

Store Online (React.js)

 [Live Demo](#) |  [GitHub](#)

- Built an e-commerce React app using state, props, and component-based architecture.
 - Implemented shopping cart functionality and dynamic product display.
 - Utilized Context API to manage authentication state and user login handling across components.
 - Applied responsive design principles for cross-device compatibility.
-

Cafe (Bootstrap React)

 [Live Demo](#) |  [GitHub](#)

Technologies: React.js, React-Bootstrap, CSS

Live Demo: [<https://fayezcafe.netlify.app/>]

GitHub: [<https://github.com/fayez1-10-2004/Coffee>]

A modern, responsive coffee shop website built using React and React-Bootstrap.

Key Features:

- Interactive homepage with carousel slider and smooth animations
- Organized sections: About, Menu, Services, Testimonials, Contact
- Fully responsive layout compatible with mobile and tablet devices
- Clean component-based structure for scalability and maintainability

This project demonstrates strong skills in front-end UI development, component design, and responsive layout using React ecosystem tools

To-Do List (Bootstrap)

 [Live Demo](#) |  [GitHub](#)

- Created a dynamic, responsive to-do list app using Bootstrap 5.
 - Implemented task addition/removal with smooth UI interactions.
 - Ensured consistent layout across screen sizes using Bootstrap grid and utility classes.
-

****Languages****

- Arabic (Native)
- English (Good)
